

Polreath Access Statement

Introduction

Our home is set in a peaceful island location and offers 3 guest rooms that are situated on the 1st and 2nd floors of the house. There is one road less than a mile in length that runs from one end of the island to the other. There are also numerous footpaths and beaches to explore and the terrain varies from fine sandy beaches to rugged moorland. There is no public transport on St. Martin's except for a boat service that operates between islands.

Pre-Arrival

The Isles of Scilly are reached via a 20 minute helicopter or fixed wing plane journey from Penzance or Lands End or a 2 ½ hour boat journey from Penzance. The off-island of St. Martin's is then a 30 minute boat ride away by inter-island launch.

Arrival

Please advise us of your anticipated time and quay of arrival so that we can meet you and assist you with your luggage when you reach St. Martin's. Guest rooms are available for occupation after 1pm.

Main Entrance

There is a step up of 22cm to the front door which leads into a small porch area and then on into the hallway. The hallway leads into the guest lounge and also up to the 1st floor. The hall and stairs are carpeted throughout and there are 14 stairs with handrail to the 1st floor and a further 14 stairs with handrail to the 2nd floor.

Guest Lounge

Situated on the ground floor, guests are able to use the lounge at any time. The floor is wooden which is partly covered by a rug situated in the middle of the room.

Dining Room (Conservatory)

Breakfast and evening meals are served in the conservatory on the ground floor, which is reached via the guest lounge. The floor is terracotta which by its very nature means that it is uneven in places. During the day the conservatory is used by our Tea Room customers and again on selected evenings when we are open to non residents for evening meals.
